

Great is the measure of our Father's Love.... Words in a song - and words that ring SO true. To think that FATHER - God - is aware of and reaches out to each of one of us - repeatedly - wooing us into a relationship with Him. That He so desires communion and relationship with us - us! But yet He leaves the decision up to us.

And that He made the ultimate sacrifice - could we? - of giving His Son to be belittled, spit upon, mocked - a crown of thorns jammed upon His head - and to DIE - for each one of us individually. "He did it just for YOU." How great, how overwhelming, how unfathomable to us is that love.

May these three days speak to you deep within your soul and bring you into a new and vibrant and living relationship with Him. We pray that you will carry this special anointing and this love you have felt with you after this weekend - into all your future days.

Our love in Christ to you all,
