

Dear Pilgrims:

We are so glad that you are making this journey to find a closer relationship with God. You will never find a better friend. He will give you strength when you are weak. He will give you courage when you are afraid. He will comfort you when you are sad.

If you will study His Word, and seek to do His will, you will find that your problems are much smaller, and you will find your life filled with peace and joy.

One of the first songs we learn as children is "Jesus Loves Me." The words are simple, but very powerful. After all these years, it is still one of our favorite songs.

May God bless each of you in everything that you do. Remember that you can do all things through Christ who strengthens you.
